Boeing B787 
Long Term Removable Mount 
LTRM 
Installation and Removal Manual
Read Before Use
Follow the instructions to ensure proper installation, deployment and maintenance of the PIVOT B787 LTRM unit.

Purpose
Provide information for correct installation, removal and use of the PIVOT LTRM Mount for the Boeing B787.

Extent
This instruction manual is appropriate for all personnel involved in the installation, removal or use of the PIVOT LTRM for the Boeing B787.

Reference / Definitions
LTRM  Long Term Removable Mount
CA    Captain’s Side Mount (PM-B787-CA)
FO    First Officer's Side Mount (PM-B787-FO)

Responsibility
PIVOT reserves the right to make design updates to meet new requirements without obligation to modify existing installations. This manual is subject to change without notice. Service Bulletins may be issued separately and their effect on this manual will be made evident by reissue of the appropriate list of Service Bulletins. This document can only be changed by an authorized PIVOT engineer Project Manager.

Illustrations
Visual depictions are for explanatory purposes only.

Overview
The PIVOT LTRM Mount consists of several parts:
- Contoured attachment plate
- High-deflection AMPS adapter with PPK-1 mounting plate

Total installation time for a shipset (CA and FO) is approximately five (5) minutes. Captain and First Officer LTRM units are mirrored and have the same installation/removal process. Installation does not require tools. Accomplishing the steps detailed in the manual provide any user with required data for successful installation, removal or use. LTRM Installation Instructions

Hold the PIVOT LTRM with one hand and move it into position over the window sill.

With one hand, raise the forward chart spring clip. Slide the LTRM underneath the clip. Then lower the clip and ensure it captures the 2 vertical tabs on the LTRM.

Raise the aft/outboard chart spring clip. Rotate the LTRM so the outboard edge of the LTRM abuts the raised clip housing. Lower the clip to capture the 2 vertical tabs on the LTRM.

The installation is complete.

Attachment & Removal of PIVOT Case to Mount

Refer to PIVOT Case User Guide for details.
The information disclosed in this document is proprietary and is not be used, reproduced or disclosed to others without the written authorization of PIVOT.
– Scratches and other surface imperfections are typical and do not affect the performance of the LTRM.
– All surfaces of the LTRM should be wiped with a solvent-free cleaner to remove any accumulated dirt or debris prior to being re-installed.
