

# Utility Light Mount

Adjustable PIVOT mount compatible with the standard utility light socket.

## PM-UL2K-GRY

Item Code:

PM-UL2K-GRY

### PRODUCT FEATURES

- Compatible with all PIVOT EFB cases.
- Designed to leverage installed utility light sockets.
- Designed for the A-10, T-6, T-38, U-2.
- Double articulating knuckle design allows for an infinite number of configurations to allow for use in tight cockpits and multiple aircraft.
- Manufactured with a FOD-free locking mechanism that will not allow the pilot to inadvertently create a FOD hazard by loosening too far.
